Whether in the newspaper or online, your draft maps are HORRIBLE. For the life of me I can't tell what the boundaries are of the various districts in Bethlehem. I can't find what district we'll be in. This is the first thing most people will want to know.

How do you expect people to understand the maps you've published without providing this basic information?? Don't be surprised if you get zero informed public comment.

Oh wait. I get it now. That's your real objective.

Figures.
