

Albany County Sheriff's Office

Project Lifesaver

Caregiver Instructions

1. Check the transmitter everyday with the tester provided.
 - a. Blinking light = working.....no blinking light= not working.
 - b. If the transmitter is **NOT WORKING** please call us...
Weekdays:
518-720-8025 Albany County Sheriff's Search and Rescue Team

Weeknight/Weekend/ No ans. in office:
518-765-2352 Albany County Sheriff's 911 Communication Center
2. **IF THE CLIENT IS MISSING**, first check obvious places around your home.
 - a. If not located **CALL 911 IMMEDIATELY**. Let the person you speak to know that the missing person is a Project Lifesaver Client. Remember Project Lifesaver device cannot predict or report that the person has wandered off.
 - b. Patrol officers in your area will respond and begin a search based on the client's physical description.
 - c. The Project Lifesaver Search Team should automatically be activated when you call 911 However, please confirm with the responding officer that the Albany County Sheriff's Search and Rescue Team has been notified to respond with the Project Life Saver Equipment.
3. Please *remove the bracelet* if the client is going to the hospital or in case of a procedure (like an MRI). Re-attach it when you both return home with a white band, or call our office when you return home and we will come out and re-attach it.
4. If you have any other questions, concerns or if the client or caretaker intends to leave Albany County for any extended period of time please call our office at 518-720-8025 and we will return your call as promptly as possible.
